

WINCOM

# Search Portal

The screenshot shows a search interface for CAD documents. On the left, there are filters for Name, Number, Cad State, and a 'Search' button. The main area displays a table with two entries:

Name	Number	Version	State
toppart.drw	TOPPART.DRW	A	Released
toppart1	TOPPART.PRT	A	Released

Showing 1 to 2 of 2 entries.

## Expert-level Windchill search.

### For the rest of us.

Wincom's secure Search Portal provides secure, role-based access for stakeholders to view documents, CAD data and reports.

Organizations can **share critical information** with stakeholders, without requiring them to navigate the complexity of the Windchill interface.

Delivered on the Windchill Extension platform.
